Benefits of Exhibiting

Hands-on break-out sessions will include ICU, Acute med/surg, Post-acute settings, Rehab, and homecare/community settings, featuring simulation education products in each. We will also have a station dedicated to education and another focusing on implementing your program. You will have time to interact with our Innovation Exploration area, a unique area featuring cutting edge technologies such as Virtual Reality, AI learning, Robotics and more.

Vendors will have multiple opportunities to interact with attendees, from speeddating where they will have an opportunity to meet with all attendees, social hours and 9 hours of vendor time including lunches and breaks. Vendors will also be invited to participate in, and join the hands-on sessions.

For vendors, we are looking for those who are passionate about Early and Continuous Mobility Solutions. YOU are the experts in your technologies! Your title at our conferences are Technology Solutions Experts (TSEs). We truly value the partnership between TSEs and the clinicians, and strongly encourage maximum interaction throughout he conference.

You're an attendeee too!

Join our family!! All exhibitor registrations grant you access to a multitude of education sessions. This means in addition to exhibiting and attending the opening and closing networking events, you will be able to learn more about the latest in Early Mobility alongside our attendees. What better way to connect with prospective customers than to interact and engage with them throughout the day?

The booth price includes 2 tickets to the conference! Additional tickets can be purchased by purchasing additional booth staff tickets before you check out. Tickets give you full access to all conference sessions

Note: Exhibitors will not receive CEU credits for attending education sessions.

After you book your rooms go to booth registration at this link https://www.earlymobility.com/event-info/earlymobility-com-conference-2024exhibitor or by QR code below. At the checkout section you can choose your booth. During Checkout enter discount code "hotel" to receive your \$1000 discount.

About the Conference

TEAM MOBILITY 2024 conference will be an immersive mix of the latest evidence and research, interdisciplinary discussion and hands-on applied case-based learning to implement Safe Early and Continuous Mobility (SECM)

Interactive discussions between doctors, nurses, physical and occupational therapists, respiratory therapists, patients and technology solutions experts will help you build your team and understand how to engage other disciplines to promote a culture of Safe, Early and Continuous Mobility in your facility.

Hear best early and continuous mobility practices from experts around the world and will have opportunity to interact with, and discuss your challenges with leading experts in the field.

Physician panel, patient survivor panel, team building activities, hands-on clinical casebased learning and more. If you are looking for practical solutions and how to actually DO the mobility, this conference is for you!

Target audience:

Clinicians across all disciplines who are implementing safe patient handling or early mobility programs (Safe Early and Continuous Mobility) (PT, PTA, OT, COTA, MD, PA, RN, NP, LPN, RT, CNA. Administrators looking to connect with experts and solutions to reduce length of stay, falls, pressure injuries and caregiver injuries; Patient safety officers, quality professionals and Risk loss professionals looking to improve outcomes, decrease patient harm and find tangible solutions that improve patient care AND reduce cost/risk and harm.

No prior qualifications are needed. The conference is primarily introductory level information but whether you are new to Safe Early and Continuous Mobility or an expert, you will take away new ideas and strategies from this conference.

See CEU page for CEU information. Attendance and active participation for the entire conference will be required and completion of an evaluation form with self-reported achievement of learning objectives to be awarded CEU.

This conference is highly interactive, and one of our ways to reach those who are not able to attend in person is through videos, pictures and conversations from the conference.

Overarching objectives for this conference.

By the end of this conference, attendees will:

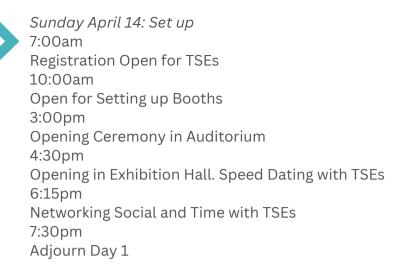

1. Describe 3 reasons why Safe Early and Continuous Mobility (SECM) is needed across all care settings

2. Be able to describe what SECM means, and provide an example of mobility practices that are safe, early and continuous.

3. Be able to discuss the roles of each discipline to promote a successful integrated SECM program across care settings.

4. Discuss how technology and the technology solutions experts can transform the ability to achieve highest level of functional independence for patients, even as staffing shortages surge and threaten care provision.
